## PROFILE

I am a versatile professional transitioning from Retail to the world of coding. I recently completed the SheCodes Next course I am currently working through the CS50's Introduction to Programming with Python at Harvard University. I am seeking challenging, dynamic and rewarding junior Front-end developer position in a growth-oriented organisation where I can apply my skills and gain knowledge. I am lifelong learner outgoing and ambitious, with a strong desire for self-improvement, both personal and professional.

## PREVIOUS WORK

### SENIOR GENERAL MANAGER

Pret A Manger | 2016 - 2021

Successfully managed a couple of West End Shops with a team of over 40 individuals that grew to have an EBITDA of over three million pounds a year. It was my responsibility to:

- Employ staff by advertising vacancies, screening job applicants, setting up job interviews, checking rights to work in the UK, onboarding and contracts.
- Train and motivate employees according to Pret A Manger standards, and company values.
- Create succession plans and promotion paths for all staff including myself.
- HR, prepared and conducted grievances. Ensured all HR files were kept secure, compliant and confidential in accordance with the GDPR law.
- Processed the team's payroll.
- Plan schedules, taking care of all types of leaves.
- Drive sales and profit plans by monitoring KPIs for all areas: excellent customer service, customer satisfaction, product quality and P&L growth.
